## TERMS OF SALE

**All bids by mail.** We have over 3,000 customers who are interested in these sales. They live in every state of the union, and in some foreign countries. They can not all come to Freeport in person each month to attend an auction. In fact, not one per cent of them could do so. In fairness to those who live at a distance, and cannot attend a sale in person, we request all bids to be sent in advance of the sale, by mail.

**Coins will be bought below your bids** where other offers permit, as this is competitive bidding, executed in good faith.

Where two or more bids are exactly the same on any lot, or tied, the lot is sold to the first bid received at exactly his bid.

**No unlimited bids** will be accepted from anyone, at this sale. Mark your highest limit or bid on the bid sheet, and we will buy as much under this price, as other actual bids permit. **Get your bids in before the date of sale.** Don't wait until the last minute. Help us with our work and we will help you get something.

The usual charge of 5% will be made for executing your bids. No charge is made on anything not actually purchased. Postage and express is paid by the purchaser.

Received bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

**Be certain that you bid on the lot you wish to buy.** We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes.** **Be careful** in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

The price lists have to be set up and printed after the sale, and are mailed first class, usually about 15 days after the sale date.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative by the collecting public.

**It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values.** It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those

known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

**The terms are prompt cash settlement after sale,** and no time given. Collectors who are not certain that they can pay promptly, are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

**Remit by money order, draft, check, or in any way most convenient.**  
**Stamps accepted for accounts that are below one dollar only.**

All coins and other items are guaranteed genuine, unless otherwise stated.

**Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece. Exception—where stated to bid for lot.**

**NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.**

### **THE WILLIAMS AND SAVAGE COLLECTIONS**

With so great an offering of coins and paper money at absolute mail auction, there will be something for every collector, which means that we expect a bid sheet from every person who receives a catalogue. To keep your name on our mailing list bids must have been received during the course of a year, and purchases made during the past two-year period. The demand for catalogues is so great, because of the increasing number of collectors, that such rules must be followed. If you are not on our list, or if your name has been dropped, a postal card from you, showing your interest, will put you back on the list for another year. It is that simple. Printing and catalogues are costly, and we want them to go where they are appreciated.

Indeed, in this sale there is something for every collector. For the collector of classical coins, there are 77 lots of ancient Greek and Roman coins, many fine pieces. For the student of numismatics there are some thirty fine books and catalogues offered, some of them seldom obtainable. An investment in a book is always good, for knowledge is power, and adds to success. The choice colonial coins and the colonial & continental currency comprise about 90 lots of historically interesting material for the collector. The one who likes paper money will have a good time, for over 200 lots are offered including many of the old size notes, and some scarce fractional currency. About 100 lots of foreign silver crowns, 90 lots of gold coins, commemorative gold & silver coins, interesting medals & tokens incl. Lincoln pieces, pattern coins, proof sets, and U.S. coins in all series from half-cents to gold double-eagles. The index in the back of catalogue was made to save you time. Yes, we will be looking for your bid sheet. Thank you!

## COIN COLLECTORS' COLUMN OF COMMENTS

**Thank you** again very much, for the wonderful patronage and kind co-operation at the 178th sale held July 22. More than 600 bid sheets were received, and we surely do appreciate your mailing the bid sheets early, to avoid the last day rush, when mail is so heavy and clerical work so great. I also want to thank all the buyers who wrote to me after the sale expressing their appreciation and satisfaction of the condition of the coins they received. Because there were so many, I can print only a few of their comments this time.

From Georgia—"I am more than pleased with my purchases through your firm. Your descriptions and valuations are quite fair."

From California—"I wish to say that the coins are very nice and I am pleased to add them to my collection."

From Virginia—"Yours are the only sales I ever send bids to. The only bad thing about them is that they just don't come often enough for me."

From Pennsylvania—"Thanks for your kind letter. I don't think I ever received one that showed so much consideration."

From California—"Very happy with all coins received—all very high grade."

From North Carolina—"Thanks very much for the refund. I was not expecting any refund, as I did not think it was due me. But I do appreciate your fair and square dealings."

From New Jersey—"I enclose check for coins purchased for me in last auction. I haven't seen the coins yet but have never had to send one back in the 12 years that I have been dealing with you."

From Oklahoma—"Was very much pleased with items and the grading was very conservative. As long as people can depend on this type of grading there is no need for fear in bidding.

From Illinois—"Thanks for the way you handled my bids. You got a third of the items at good savings for me."

From Virginia—"All of my transactions with you have been most satisfactory, and I appreciate the courteous and kind consideration always shown me."

From Illinois—"The items were entirely satisfactory and were as advertised."

From New York—"I take this opportunity of expressing to you my complete satisfaction with the coins that I purchased. I was extremely impressed with the fine quality of the coins, which in every instance were at least up to the standard of your description in the catalogue, and in the majority of the cases were even better than the grading you had used for their description. It is a great satisfaction to experience such treatment. I can see that your reliability is perhaps one of the outstanding reasons for your great success in the coin business."

**The coin market.** Let us analyze some of the bidding at the 178th sale held July 22. We notice for several years now increased activity in the bidding for ancient coins. The bid book is well-filled on every item. The 93 lots averaged about \$5 each, which is moderate cost for coins in so interesting a field of numismatics.

Foreign silver crowns have always been popular, especially abroad, where ancient coins also have been collected by all. The bidding is increasingly active on crowns, with most selling around \$2 to \$5 each, scarce or rare pieces bringing \$6 to \$10, with one bringing \$17.50, a Mexican 8 reales of 1824 with hook-necked eagle, a choice semi-proof.

The market is active and the demand strong for colonial coins when fine or choice, silver dollars before 1873, early and fine half-cents and choice large cents of early or rare dates, and pattern coins. Paper money of all kinds is in good demand, the supply too small to supply all wants. A large group of fine historical medals in last sale averaged about \$2.50 each. Considerable interest entered into the bidding on Hard Times Tokens, an important collection having been sold in the last sale, at good prices. Low 1 brought \$16.50, Low 6 sold at \$14, Low 11 at \$16, Low 14 at \$13.25, Low 61 at \$18.25, Low 72 at \$23. Proof coins often bring full catalogue or more in some cases, and commemorative half-dollars are selling a little higher, with dealers offering good prices for stock.

**A 33 1/3% better chance on bidding!** One day I was doing some figuring. I discovered that the bidder who mails his bid sheet a week after receipt of catalogue, increases his chance of success by one third, simply because of this promptness. About 33 1/3% of the lots in the sale are sold at exactly the highest bid where there are several top bids the same. In such cases, the **first** bid entered of the high bids gets the lot.

**The "milled edge."** More correctly this should be "reeded edge" as used in describing the rare variety of 1836 half-dollar. The more common variety is the "lettered edge." Strictly speaking, the edge means the curved narrow outer rim of the coin, or the sharp edge where the rim and the borders or margin of the coin meet. We speak of "border-milling" when we refer to the flat surface of the coin, and the edge is the curved rim. Thus, there should be no confusion. Milled edge and milled borders are two different things.

**A correction.** In my new book recently published on the early silver dollars, I have discovered one wrong illustration, Plate IX, reverse B. A correction sheet with correct plate has been printed, and together with four minor errors found in the text, will be mailed free to anyone on request. We have already mailed these out to all known purchasers of a book. We regret this error which was unavoidable, and are happy to make the correction.

**Big consignor in last sale writes:** "You will hardly need to be told that I am very much pleased with the results of your sale. Thank you very much for your prompt report and check."

**The A.N.A. Convention in Milwaukee.** The annual national convention of the American Numismatic Association was held in Milwaukee, Wisconsin Aug. 25 to 29. About 500 were in attendance, the largest on record. The local committees were capable hard workers, and the whole affair an outstanding success. We very much enjoyed meeting old friends, as well as meeting some old customers for the first time personally. Personal chats about coins etc. in small groups are very enjoyable. A number of persons there have bought coins from me for over thirty years and are still buying. In the exhibit room we displayed the Bolender collection of 170 varieties of U. S. early silver dollars before 1804, all fine to uncirculated, and the actual coins described in Mr. Bolender's new book, and the same coins illustrated therein. The "Robbers' Row" or dealers' bourse was over-filled with some thirty dealers. M. Vernon Sheldon of Chicago was re-elected president, and Col. Joseph Moss of Philadelphia first vice-president. Highest price at the auction sale was \$1400 for an uncirculated cent of 1799 over '98. The banquet was one of the best ever. The weather was cool and pleasant. Everyone had a good time. Noticed that my bank roll was reduced quite a few grand, showing that I must be paying good prices for fine collections.

THE UNITED STATES EARLY SILVER DOLLARS FROM  
1794 TO 1803  
by M. H. Bolender

The only former reference work was Haseltine's list published in 1881, merely a pamphlet or sale catalogue with no plates. This new work follows Haseltine's numbers, but with additions and corrections, plus a simplification of descriptions and the important addition of illustrations of the eighty-four obverses and the seventy-five reverses. Quick-finding lists and helpful tables make attribution not only quick and easy, but accurate and pleasant.

The descriptive list is prefaced by a history of early silver dollars, and a loose-leaf valuation sheet is included quoting current prices of all varieties in five condition grades.

This book is the result of some 40 years' experience and collecting, during which time over 5,000 specimens were examined. A record of the frequency in which each variety appeared was kept, and the degree of rarity given in the text.

This attractive large volume, size 9 $\frac{1}{4}$  x 12 $\frac{1}{4}$  inches, is quality printed, and handsomely bound in blue cloth, lettered in gold.

The price is \$10.00 which is no more than the Haseltine reprints cost to-day (and those are with no plates). We believe you can make no better investment to-day, than by adding this useful book to your library, and if it does not bring you a great deal of pleasure also, your money will be cheerfully refunded upon return of the book.

**Send no money.** Just check your order on the bid sheet.
